2-12 JULY 2011
INTERNATIONAL MATHEMATICAL SUMMER SCHOOL for Students
in Bremen, Germany

Are you really interested in Mathematics?

Do you want to…

› learn about mathematics approaching the frontier of current knowledge?

› spend ten days discussing with leading international mathematicians?

› meet like-minded fellow students from around the world?

Then join us this summer in Germany!

Summer School for Students

The school is open to students from all countries in their last two years of high school or first two years of university. The school is held in English.
